## Meet **Banquet for Life** Keynote Speaker:

# Jennifer O'Neill

By Rachel Weidner

Board Member, Client Advocate

**Banquet for Life 2024 | Thursday, April 11**

At the age of fifteen, Jennifer O'Neill began a modeling career that catapulted her into a life of fortune and fame. She was an early spokeswoman for CoverGirl, and her endorsement of the product turned CoverGirl into the top selling makeup line in the country. In her early twenties, pregnant with her second child, she was pressured to abort and immediately regretted her choice. For years, she suffered silently, as so many women do, mourning the loss of a precious little life.

After thirty-five-plus feature films, numerous television movies and series, Jennifer now spends her time sharing her testimony about the pain of abortion and the power of God's love. Having accepted God's mercy, she has embraced a willingness to serve God as well as His plan and purpose, becoming one of the nation's leading pro-life activists. Her books, "Surviving Myself" and "From Fallen to Forgiven" chronicle her inspiring journey.

### Find Hope Here

Imagine how the trajectory of Jennifer's life could have been altered, had the news of her pregnancy been met with encouragement and love instead of with shame and destruction. It is the greatest hope of PCPlus that every woman and family find love and support during times of need. Over 41 years ago, PCPlus was founded to bring hope to hopeless situations. Today, the mission remains

the same. Our day-to-day work is not about a political issue or the passage of a referendum. It's about the scared pregnant woman and her partner, impacted by the pressures and lies of the world telling them a life unborn is not worth protecting. PCPlus is a light that shines in the darkness, and the darkness will not overcome it. Our clients will always find hope here.

### Largest Annual Event

Join us and Jennifer O'Neill on Thursday, April 11, for the *Banquet for Life*. Cocktail hour begins at 5:00 P.M. Dinner and programming commence at 6:30 P.M. Tickets are \$100 for individuals and \$1,000 for a table of 10. If you're new to the PCPlus family or there's someone you've been hesitant to invite to your table in the past, act boldly. Now, more than ever, our community needs the light and hope that Pregnancy Center Plus offers.

### Sponsorship Opportunities

Shine your light in the darkness as a Banquet Sponsor this year. Help us give women and families in Cincinnati a reason to hope in moments of despair. There are many levels of sponsorship, and each level is customizable. We are happy to create an opportunity that's best for you or your business. To become a sponsor, make a reservation, or for more information, visit [SupportPCPlus.org](http://SupportPCPlus.org). For customized sponsorships, call Tracy at 513-321-3100.

- 2 tickets to Private Reception 5-6:30 p.m.
- Preferred Table for 10
- Meet and Greet with speaker
- Name in program and on event screen
- Name in Spring Newsletter

## A Tale of Two Sisters

My husband and I came to Cincinnati with our four children, ages 8 years through 6 months. We left New York in the middle of the Covid pandemic. My husband had lost his job due to the shutdown, and we were desperate to find a town where he could get work. We had cousins in Cincinnati who encouraged us to join them.

Our move was very stressful. The truck containing all our belongings was supposed to arrive in two weeks. Yet, it took over two months to get to us. We literally had only one suitcase of clothing for our family.

I found Pregnancy Center Plus online, hoping they would help us through our difficult situation.

When I came to the Center, I was met with compassion and understanding. They truly cared about my family and me. They showered us with clothing, warm jackets, diapers, blankets, and other baby supplies. They gave us referrals for other services we needed.

The next year, I discovered I was pregnant again. PCPlus did a pregnancy test for me and gave me the documentation I needed to apply for help with my new baby. I was overjoyed to leave with a portable crib and a new car seat.

Today, my husband has a job. We saved enough for the downpayment to buy a home. Our lives are more stable and less stressful. We have hope. My handsome baby boy, Subhan, was born this year.

I am also thankful that my sister and her family have joined us in Cincinnati. She and her husband also left New York in search of work. She was seven months pregnant when they came to live with us. I told her about the kind people at PCPlus. The Center was there for her with all the things she needed for her baby.

Her husband has since found work, and they are now living in an apartment with their beautiful baby girl, Zoya.

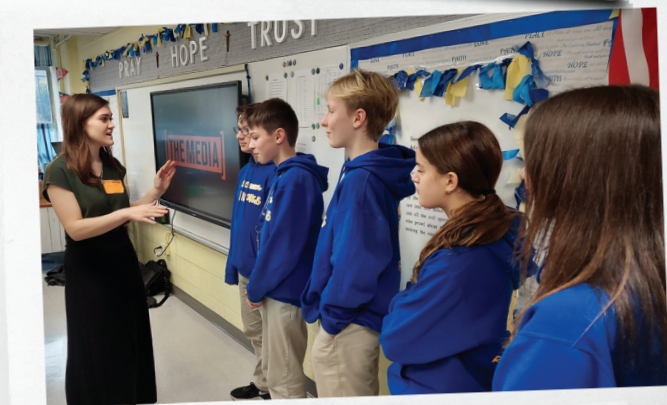

I am thrilled that our babies will grow up together!

PCPlus changed our lives for the better. I know I can always depend on them. They are such a blessing to our families.

# A Voice for the Youth

By Geneva Ulmer, Chastity Education Manager

*“It was helpful to learn about the beauty of God’s plan and love for me. It told me that I matter, and it was just a really great experience.” - George*

**INFLUENCERS IN TODAY’S SOCIETY KNOW HOW TO AFFECT THE CULTURE.** They focus on the youth. The youth decide the future. Planned Parenthood has invested exorbitant resources toward elementary, middle, and high school student outreach. Claiming to be the single largest provider of “sex education” in the United States, Planned Parenthood is priming future generations to be life-long clients of their contraceptive and abortive “services.”

## Answering the Call

Many of today’s young people cannot fathom an alternative to the way of life presented by Planned Parenthood. The youth need a voice of truth to cut through all the lies and show them that there is, in fact, another way. We are that voice. Pregnancy Center Plus has answered the call to reach students with the truth of God’s plan for human sexuality. The *In-Control* chastity program offered by PCPlus serves as an immunization. Students, 6th-grade through high school, are coming to understand the goodness of God’s plan, thus eliminating future crisis pregnancy situations.

## Our Impact

The Center’s chastity educators present to thousands of students at Catholic schools throughout the east side of Cincinnati. After the week of presentations, the students are asked to complete an anonymous evaluation. The results are promising.

Only 39% of students polled said that they understood God’s plan for their sexuality before the presentation. After the week of presentations, 94% of students reported having an **understanding** of God’s plan for their sexuality. Additionally, **commitment** to God’s plan for their sexuality rose by 35%.

*“I think the most helpful part of the program was that it initiated a conversation with my parents about important things like dating and chastity.” - Alena*

**John 8:32** says, “You will know the truth, and the truth will make you free.” When students learn that God has a good plan for every aspect of their lives, and when the message of that plan is delivered with compassion, sincerity, and an unabashed dedication to the truth, lives are transformed, one student at a time.
